

November 2, 2012

Below are anticipated construction activities for the week of 11/5/2012.

****While this list encompasses numerous construction projects, it does not list all DPW projects throughout the county. The most recent work is highlighted. Also, weekend work is possible on all projects. We ask for motorists' patience and caution while driving through construction sites. All work is weather dependent.**

CENTER TOWNSHIP

Northbound lane restrictions are in place for Meridian Street between East 25th Street and Fall Creek Boulevard North Drive. East 25th Street will remain closed to traffic until November 15, 2012.

Restrictions may be in place on Indiana Avenue from 10th Street to 16th Street while streetscape improvements are underway.

Restrictions may be in place on the following streets while resurfacing work is underway.

- 30th Street from Central Avenue to East Fall Creek Parkway North Drive
- 34th Street from Central Avenue to Ruckle Street
- Al E. Polin Park roads
- Alley 25 S from Tacoma Avenue to Temple Avenue
- Alley 50 E from 33rd Street to 34th Street

- Bosart Avenue from Washington Street to 10th Street
- Central Avenue from 38th Street to East Fall Creek Parkway North Drive
- New Jersey Street from 16th Street to 22nd Street
- Orange Street from Meridian Street to Madison Avenue

Restrictions are in place on Delaware Street from McCarty Street to South Street. The contractor has switched traffic to the newly paved two eastern lanes of Delaware Street and will be working in the three western lanes. Topsoil will be placed in the medians with plantings following next week. Asphalt surface is scheduled to be completed the first of next week with the final pavement markings being placed toward the end of next week. The new pedestrian crossing signals at Merrill Street are installed and will be activated once Delaware Street is

converted to two-way traffic. Delaware Street will remain one way northbound for approximately two more weeks.

Restrictions are in place on Delaware Street from South Street to Maryland Street. Traffic has been moved to the two eastern lanes in this area. The contractor will be working on final installation of the traffic signal at Louisiana Street and finishing the mono-tube overhead structure on South Street, just west of East Street. Delaware Street will remain one way northbound for approximately two more weeks.

The intersection of Henry Street and Alabama Street is closed until on or after November 12 for the reconstruction of this intersection. Alabama Street from South Street to Henry Street is also closed to thru traffic. Henry Street from Delaware Street to Alabama Street is also closed to thru traffic, but the entrance to the Eli Lilly lot, No. 22, is open to Delaware Street. Asphalt surface will be placed on Alabama Street and Henry Street next week with final pavement markings to follow.

Restrictions will be in place on the bridge on Emerson Avenue north of Massachusetts Avenue while bridge rehabilitation is underway. Restrictions may be in place on Massachusetts Avenue under the bridge. This project is also on the border of Warren Township.

Restrictions may be in place while downtown brick sidewalk and street paver repair is underway. Locations include around Monument Circle, Market Street from Alabama Street to Capitol Avenue, and the Wholesale District (bounded by Pennsylvania Street, Washington Street, Capitol Avenue, and South Street). This project is a continuous "as needed basis" project through the year.

Pavement marking work is underway as weather allows along Keystone Avenue from 34th Street to 38th Street.

Indianapolis Cultural Trail: A Legacy of Gene & Marilyn Glick

Traffic restrictions on Virginia Avenue from South Street to the I-65 bridge are in place. Traffic has been moved further to the west side of Virginia Avenue (still one lane in each direction), and the contractor will set up barrels and arrow boards on the east side of Virginia Avenue and start working on the curb ramps at some of the intersecting streets to the east of Virginia Avenue next week. This work will take another week to complete.

On the Central Corridor (Washington Street), maintenance of traffic (from Capitol Avenue to West Street) has been set up, moving the vehicles to the southern lanes. Work is continuing on the north side of Washington Street installing pavers. The sidewalk and curb ramps at the northwest corner of West Street and Washington Street have been removed, and the new plaza will be installed starting next week. The pedestrian access will be detoured around this construction. The milling and paving of Washington Street has been delayed one week. On Monday, November 12, milling of the existing asphalt surface will start on Washington Street between Capitol Avenue and West Street. This milling will occur during the day, and the contractor plans to mill half of the pavement from Capitol Avenue to West Street and pave the

same half the next day. The contractor will repeat this procedure until they are complete. Final pavement markings will follow this operation.
